

**Kara Campbell Bio—**

Kara was born and raised in Graceville, FL. She took dance from the ages of 3-18 and was a member of Patti Rutland Jazz. After graduating college from Auburn University Montgomery, she moved to Gainesville, FL to work in the athletic department for the Florida Gators. She was the Operations Program Coordinator, where she worked in game operations for Gators Football, Gymnastics and Baseball. While working full-time, she also graduated with her Masters in Sports Management. After spending 7 years with the Gators, she decided to move home to be closer to family and have a better work/life balance. Kara has been with Visit Dothan since 2022 and is their Public Relations Specialist. She is a representative for Visit Dothan at community events, coordinates the monthly events calendar, and helps with social media and marketing, among other duties.

Kara would love to be on the Cultural Arts Center Board of Directors to further serve the arts community in Dothan. As someone who grew up in dance, a high school band member, and coming to SEACT shows all her life, the performing arts are a passion of hers. Also, with her job at Visit Dothan, being a member of the Cultural Arts Center Board of Directors can further her relationships and connections throughout the Dothan community.
