

FALL BREAK ACTIVITIES

TUESDAY/WEDNESDAY
OCTOBER 11-12, 2022

The Messy Space has 2 half days of fun arts related activities for students in kindergarten through 6th grade. 3 Art Teachers will be working with these students rotating them from activity to activity starting a 9:00 AM and ending at 12:00 noon. Students will need to bring a snack for the morning's work as they will be busy and moving this fall break! Here is what we have planned for them:

	9:00-10:00	10:00-11:00	11:00-12:00
Ms. Ann	K-1st	2nd-3rd	4th-6th
Ms. Susan	2nd-3rd	4th-6th	K-1st
Ms. Abby	4th-6th	K-1st	2nd-3rd

Ms. Ann's classes:

Tuesday October 11 we will be working on "FREEZER PAPER ART" and everyone will need a clean, washed, white cotton t-shirt. It can be short or long sleeved and should have their name on the tag of the shirt. Using freezer paper, scissors, stencils, fabric markers, and paint, we are creating a cool fall t-shirt all of their design! Should be able to take home this day, wash it and wear this fall.

Wednesday October 12 we will be working on "SCRAPPY ART" using fabric shapes to create an iron picture suitable for framing. Puffy paint, slick paint, embellishments, and more make this a fun process for students of all ages. Ideas for designs will be available but creativity and imagination with shapes will be the focus!

Ms. Susan's classes are the 2 B's of Art:

Tuesday October 11 we will be "BLOW PAINTING" to create monsters, peacocks and a self portrait . We will draw, use watercolor, straws and more to blow our picture to life.

Wednesday October 12 we will be "BUBBLE PAINTING" to create a wide variety of art based on the shapes of your bubbles. Using a variety of bubble blowing techniques to capture watercolor on paper, you can see monsters, trees, flowers, and more as you create a work of art using your imagination.

Ms. Abby's classes are the T&T of Art:

Tuesday October 11 we will be doing "T&T ART #1" as we create tessellations that turn into pictures that we turn into colorful images on heavy paper or canvas. Its not as much math as it is art, but if Escher can do it so can we and we have to tools to help make it happen!

Wednesday October 12 we will be doing "T&T Art #2" as we create abstract art with triangles, tape, watercolors, markers, and paint. No 2 canvases will be the same, but you will be challenged to figure out how many triangles you can get in one picture!!!

COSTS:

- One day of Art Activities is \$60 for 3 hours per student. You choose which day you would like to come
- Both days of Art Activities is \$100 for 6 hour per student, a savings of \$20 and a better value.
- [https://form.jotform.com/203166058956159 TO REGISTER](https://form.jotform.com/203166058956159)

HOW TO REGISTER:

Registration is simple:

1. register in person at the Cultural Arts Center box office by paper copy and pay by check, cash, or debit card.
2. Find our Facebook page ([Facebook.com/culturalartscenterdothan](https://www.facebook.com/culturalartscenterdothan)) and click on the Jotform link provided there that will take you to online registration
3. Find our website, www.theculturalartscenter.org, click on the tab that says “Our Classes and Camps”. A drop down menu will appear, click on “Afterschool & Holiday Classes”. You will find a PDF description of all classes and an online link that takes you to online registration.
